

**Characteristic of projects and activities:**

FEED NATURE CLUB membership is now opened for all, in the name of company or personal member. It is a corporate engagement in supporting all management and activities of the foundation for environmental Education for sustainable development or FEED in short. This is the most benefit to not only FEED but also FEED's members by being as the partners and stakeholder of FEED. The member can claim all image and activities done by FEED to be their green image to the public, and gain knowledge and experiences via FEED's global environmental update of the year, Environmental training to management and staff, joining green trekking and others activities of the foundation during the year. The company member will have FEED as a CSR consultant in planning and implementation CSR plan and projects.

**Project's areas:** Bangkok & countrywide

**Duration:** Annual membership

**Budget (Baht):**

*Business Company:* 250,000 Baht / year

*Personal:*

- School children: 300 baht/year
- University Student: 500 baht/year
- General: 1,000 baht/year

**Note for Supporters and partners:**

This is the most benefit to not only FEED but also FEED's members by being as the partners and stakeholder of FEED. The member can claim all image and activities done by FEED to be their green image to the public, and gain knowledge and experiences via FEED's global environmental update of the year, Environmental training to management and staff, joining green trekking and others activities of the foundation during the year. The company member will have FEED as a CSR consultant in planning and implementation CSR plan and projects.
